I am extremely happy to know that the 11th edition of Kerala Travel Mart will be taking place in Kochi from 5th- 8th May 2022. I am pretty confident that the KTM 2022 will contribute a lot in bringing confidence among the travel & tourism industry which has been on a standstill for the last two years due to the Covid 19 pandemic. It will definitely be a platform for the industry to reconnect with their counterparts within the country and abroad. Wishing all the stakeholders in the sector a very productive KTM and let the industry flourish as in the past.

## Message

Dear friends,

Kerala Travel Mart Society is gearing up for the 11th edition of Kerala Travel Mart. Since its inception, KTM has been a key player in promoting travel and tourism destinations across Kerala. KTM has successfully exhibited Kerala as a top destination for buyers and sellers both from domestic and international markets. The latest edition of KTM would be beneficial in reviving the domestic tourism sector from the setbacks due to the Covid19 pandemic. I believe that KTM 2022 would be the best of the editions that have happened so far and will provide innovative solutions to boost Kerala as the top tourist destination, exploiting its true potential. I am pleased to welcome you to Kerala for a productive and enjoyable travel trade show.

Dear friends,

Kerala Travel Mart is one of the biggest marts in the world. Having made its mark as the leading travel mart in the country, KTM has played a significant role in developing and promoting Kerala tourism both in domestic and international markets. In the post-Covid scenario, Kerala Travel Mart would be a harbinger of rejuvenation to Kerala's domestic tourism. ## KERALA TRAVEL MART 2022 – A REPORT

Kerala is a unique destination in many ways, right from various landscapes to preserved heritage. Its development and strong economy make it reliable and easy for tourists to visit with all facilities required. It is not just the locations, but also the wide range of activities and experiences that are curated and offered here are attracting the travelers.

With a view to build an umbrella institution representing all spectra of Travel, Tourism & Hospitality industry of Kerala, the Kerala Travel Mart Society (KTM) under the Travancore - Cochin Literary, Scientific and Charitable Societies Registration Act 1965 was formed on 9th August 2000. Thereafter the KTM has become one of the glittering examples of Private - Public Partnership across all fields in Kerala. The 1st edition of KTM was conducted in the year 2000.

The Kerala Travel Mart has become an integral part of events in the field of Tourism. The biennial event has been successful in bringing travel agents from all over the globe to familiarize with the destinations and tourism activities in Kerala, under one program.

The Mart creates a great learning experience for the buyers, while sellers get an insight on the requirements which has been a major reason for progress and innovative moves in Tourism.

The Kerala Travel Mart has been taking place continuously in every two years since its inception. But, due to the Covid-19 pandemic, we could not make it happen in the year 2020. However, conducted a virtual Mart from 1st -10th March 2021 with the active support of Dept of Tourism, Govt of Kerala and it was a great success.

In the Managing Committee Meeting held on 08.11.2021, it was proposed to conduct the 11th edition of the Mart from 24th - 27th March 2022 subject to the approval of the Government.

In the Managing Committee meeting held at Mascot Hotel, Thiruvananthapuram on 16.11.2021, which was addressed by the Hon Minister for Tourism and the Director- Kerala Tourism, it had been decided to conduct KTM in March 2022 and various Sub Committees have been formed for successful conduct of the event.

Later, in the MC meeting held on 20.01.2022 through Zoom video conference, considering the surge in the Covid cases and the restrictions imposed by India Govt and the Govt of Kerala, it had been decided to reschedule the KTM 2022 to 5th-8th May 2022 and asked all the subcommittees to go ahead with the preparations for the event as per the revised schedule.

It was expected that we could announce to the world that Kerala Tourism has bounced back after the setback due to Covid-19 pandemic by conducting a successful mart, the same way that the mart's 2018 edition could lend fresh energy to Kerala's tourism and helped it regain ground after the year's flood.

This years' KTM had accorded importance to Kerala Tourism's pioneering Caravan Tourism and products in adventure tourism activities in addition to its USPs like Ayurveda, Backwaters etc.

### **Accommodation Committee**

The committee oversaw providing accommodation to the buyers, media, Officials, office bearers of National Travel & Tourism Trade Associations who attended the KTM 2022. The committee experienced a major challenge in getting rooms in Kochi Hotels despite the last KTM, due to the shortage of inventory in view of the Covid 19 related lock downs, over booking at the hotels, shortage of staff strength at the hotels etc. The committee had a series of physical meetings at the KTM Secretariate, visiting the properties physically and calling the hotels to make good the requirement. The Committee managed to get maximum number of rooms in Kochi hotels itself and a few rooms in Airport Hotels, Kumarakom etc. All the hotels magnanimously offered the rooms on complementary basis. ### **Sellers' Committee**

To Make sure all the sellers are informed on the facilities of KTM Mart, Registrations / procurement of stalls, pricing, fascia check, do's & don'ts etc were the task assigned to the Committee. The Committee had to work very closely with exhibition committee.

The sellers committee had many rounds of meetings to finalise the stall size, stall rent etc etc. To tide over the financial constraints of the KTM members due to the Covid 19 lockdowns, the Committee had recommended to slash the rates of stalls to 50% of what was charged in the KTM-2018 and for the home stays and houseboats to charge a nominal amount of Rs.2000/- per table space, and the Managing Committee wholeheartedly accepted this proposal. The committee conducted four rounds of sellers' presentation online to make the sellers aware of the modus operandi of the whole business of the mart and to make them aware of the usage of technology in the conduct of the mart.

There were 302 sellers ranging from table space to stall size of 7.5 x 2.5 x 2.5 metres.

*List of sellers appended.*

The committee started its functioning in November 2021 itself by airing emails to the prospective buyers as per the database available with KTM and the committee members. In order to woo more buyers, the registration, which was initially fixed as 10.04.2022, had been extended to 25.04.2022.

It has also been decided in the MC meeting held on 04.02.2022 to approve the proposal of the Chairman International Buyers' Committee for the partial reimbursement of airfare as follows.

The Committee could bring in a considerable number of quality buyers in spite of the current situation. However, the exorbitant rate of airfare in the international sector deprived of many buyers to attend the mart.

## BUYERS COMMITTEE - DOMESTIC

To source quality domestic buyers for the success of KTM, proper grading of buyers for room allotments, refund of their deposit amount after successful completion of the event were the duties entrusted to the committee. The committee recommended for partial reimbursement of airfare to the domestic buyers as follows

  - b. Central India - Rs.4,500/-
  - c. South India - Rs.3,000/-
  - It has been decided to collect a refundable deposit of Rs.5,000/- towards confirming the domestic buyers' registration.

### Buyer-Seller Co-ordination Committee

To co-ordinate buyer-seller appointments, to ensure each buyer received the appointment sheet, to work very closely with the Buyer and IT Committees were the tasks of the Committee.

### Transport Committee

The Committee had a series of meetings physically and online to finalise the selection of transport operators. Being one of the Committees with most tangible and direct contact with the buyers, the Committee worked very hard to tide over the challenges.

### IT Committee

Propose IT enabled up gradation for KTM, liaison with E-Marketing, Marketing and Exhibition Committees for proper implementation of IT support, proper monitoring of CRM, web site and other IT related activities of KTM like Tags, ID Card, Passes, Bar Code for appointments etc were the duties assigned with IT Committee.

With a view to make the KTM 2022 an IT enabled event, preparations had been started well in advance. The successful conduct of Virtual KTM in 2021 inflicted confidence to the Managing Committee to go for a KTM supported by Information Technology.

IT Committee was entrusted with the most tedious job of automation of the KTM as a whole right from bringing up a new portal to the conduct of the mart in a fully automated manner. More than 200+ (Virtual + Physical) meetings were conducted for the purpose during the last 3 years. The same couldn't be possible without the timely support of our technology vendor & unstinted support of fellow committee members.

## CONCLUSION

The overall conduct of the mart was very good and the KTM 2022 could contribute a lot giving confidence to the Travel, Tourism and Hospitality Industry which has been on a standstill in the past two years due to the Covid 19 Pandemic. Being one of the major events in the country after the Pandemic, it has given an opportunity to both the sellers and buyers for a reunion and brush up their relations. There has been a tremendous hype in the number of business enquiries and bookings post the KTM 2022 and this would definitely benefit both the buyers and sellers in the days to come. The outcome of the Mart in terms of business meetings was outstanding and all the sellers who participated in the mart could attract a good number of appointments and business deliberations. The event could also induce a positive vibe among the industry, despite the standstill it has been going through because of the Covid 19 Pandemic.
